

# **St. Andrew Pyrohy**

**We offer six kinds of pyrohy (pierogis).**

**A description of each follows below...**

## **Potato**

Our biggest seller. These Pyrohy are made from grade "A" Idaho potatoes. The potatoes are cooked to perfection and then mixed with three types of cheeses. White pepper, butter and sautéed onions are then mixed in for a taste that is pure perfection.

## **Sauerkraut**

One of the "Old World" favorites. Cooked sauerkraut with sautéed onions, white pepper, salt and other spices makes a combination that's unbeatable. To improve the texture of our sauerkraut, a small amount of our potato mixture is added.

## **Cheese**

Our cheese pyrohy are made with bakers cheese with cream cheese added to make the pyrohy moist and mellow. Sugar is added in just the right amount to make a great tasting pyrohy. They are the kids favorite

## **Potato Garlic**

The same as our great potato pyrohy but with just a touch of garlic to awaken your taste buds. If you like garlic, these are a must.

## **Potato & Bacon**

The same as our great potato pyrohy, but with butcher block bacon done to perfection and distributed liberally in the filling. Great for breakfast along with eggs or your choice of entree.

## **Potato & Jalapeno Pepper**

We start with our best-selling potato filling and add four kinds of hot peppers to blast sleepy taste buds awake. If you like moderately spicy foods, you'll love these! Zesty, but fire extinguisher not required.
